The Knot enlisted **MANDI BUCKLAND** of **ELEMENT EVENT DESIGN** for our eco-friendly party in Detroit, where we celebrated wedding industry notables and showed off a few of this season's inspiring wedding ideas.

MANDI BUCKLAND Element Event Design

"The floor-to-ceiling windows at the Skyline Club greeted guests with incredible views as they sipped on Earth Smartinis, Sangreena, and Eco-mojitos. The recycled cardboard coasters, the handmade organic cotton pillows and the lush floral arrangements made with natural elements gave way for an abundance of visual surprises at every turn. Putting on a green event does not mean compromising style. The key is to use your imagination and get creative."
